(17) *General*.—Any matter which is or may be prescribed to be provided for by rules.

By-laws for what purpose to be made.

458. The Corporation may from time to time make by-laws, not inconsistent with this Act and the rules, with respect to the following matters, namely :—

(1) regulating, in any particular not specifically provided for in this Act or the rules, the construction, maintenance, protecting, flushing, cleansing and control of drains, ventilation-shafts or pipes, cess-pools, water-closets, privies, latrines, urinals, washing places, drainage works of every description, whether belonging to the Corporation or other persons, municipal water-works, private communication pipes, private streets and public streets;

(2) regulating all matters and things connected with the supply and use of water;

(3) regulating the maintenance, supervision and use of public and private cart-stands and the levy of fees for the use of such of them as belong to the Corporation;

(4) prescribing the forms of notice under sections 253 and 254, the information, documents and plans to be furnished therewith in respect of different classes of structures or works, the manner in which and the persons by whom notices shall be signed and the manner in which plans, sections, descriptions, structural drawings or structural calculations shall be drawn given, prepared and signed;

(5) regulating the manner in which, the supervision under which, the agency through which and the conditions and restrictions under which the work of erecting or re-erecting building of particular classes and any work such as is described in section 254 shall be carried out;

(6) the structure of walls, foundations, roofs and chimneys, the number, width and position of staircases, the width of corridors and passages, the materials, dimensions and strength of floors and staircases and of all scantlings, girders, posts and columns of buildings, for securing stability and the prevention of fires and the safety of the inmates in the event of fire and for purposes of health, either generally or with reference to the type of the structure and the use to which it is intended to be put;
